Join Olympic and Iron Man champion Ky Hurst along with his fellow Olympic swimmers for the 2.2km swim in the harbour or a more casual 750m splash. The Body Science Great Australian Swim Series is about participation for all ages and abilities and includes an anything goes category and a 300m Junior Kids Swim that sees the kids swim alongside the elite swimmers.

Proudly supported by Destination NSW, the Body Science Great Australian Swim Series is a key lifestyle event on the 2012 NSW Event Calendar.
